

2024

ANNUAL REPORT

The Foundation for Rehabilitation Psychology (FRP) was established in 2005 by a group of past presidents of the Division of Rehabilitation Psychology (Division 22) of the American Psychological Association (APA). They envisioned the Foundation as the means through which all who care about the future of Rehabilitation Psychology could invest in its vitality and growth through tax-deductible donations and planned gifts. Thank you for your gift of time reading this annual report. Please consider making a financial gift to the Foundation.

ACTIVITIES

The Foundation for Rehabilitation Psychology's mission is "to improve the lives of people with disability or chronic health conditions". FRP's vision is "improving society by making the foundational insights of the psychology of disability and chronic health conditions common knowledge." The Board has embarked on a Strategic Planning Process, the goal of which is to delineate a five year plan, with aspirational goals beyond that. Drs. Dan Rohe, Kate Brown, Terrie Price and Linda Mona are leading this initiative. The outcomes will be highlighted for the Division membership likely in the second half of this year. The Board, secondary to a gift from Dr. Dan Rohe, also initiated a Disability Arts presentation at the mid-Winter meeting. Planned conjointly with The Division Program Committee, this activity will continue in future meetings. Two new reprints were added to the Foundations from the Foundations series.

The Board thanks Dr. Anthea Gray for her service to the Board over the past year and welcomes Drs. Serina Hoover, Division President Elect, and Kathleen Bechtold, ABRP President, as ex-officio members.

DISSERTATION AWARDS

The Foundation has provided 43 dissertation awards since 2012, including the winners this year (see below). Awards to date total over \$96,000. Dr. Dawn Ehde, who has ably managed the Dissertation Awards Process, is passing that responsibility on to Dr. Barry Nierenberg. The Science Committee of Division 22 continues to judge the applications. With funds donated in honor of Dr. Leonard Diller, FRP supports the Leonard Diller Dissertation Award in Neurorehabilitation.

ANNUAL CONFERENCE SUPPORT

Over the past thirteen years, the Board has provided unrestricted support to the Rehabilitation Psychology annual conference to help make this important educational meeting more affordable to all attendees. Two funds, the Dr. Bernie Brucker and Dr. Ed Taub funds, provide unrestricted funds to support the mid-Winter meeting.

STUDENT RESEARCH AWARDS

The Foundation provides funding for student research awards that are given at the annual conference. These funds make the educational meeting more affordable for graduate students and recognize their research accomplishments. The Nancy Crewe Student Research Award, made possible by a generous gift from Dr. Robert Fabiano, is given for the best oral presentation.

STUDENT LEADERSHIP NETWORK (SLN) SUPPORT

The Board provided inaugural resources for establishment of the Rehabilitation Psychology Student Leadership Network and continues to support its activities.

EARLY CAREER PSYCHOLOGISTS

The Board provides support to the Division 22 Early Career Psychologist Committee for their ongoing activities.

2024-25 ACADEMIC YEAR DISSERTATION AND STUDENT AWARD WINNERS

FRP Dissertation Awards

Nicole Sharf, M.A.
"Psychosocial Implications of Menstrual and Contraceptive Health in Women with Spinal Cord Injury/Related Disorders (SCI/D): A Mixed Methods Study"
The Chicago School (Chicago Campus)
Dissertation Advisor: Kim Dell'Angela, Ph.D., MLS

Linda Kutash, M.A.
"The Relationship between Inhibitory Control and Avoidance Behavior in a Delayed Onset Muscle Soreness Paradigm: Toward Improved Understanding of the Fear-Avoidance Model"
Kent State University
Dissertation Advisor: Douglas L. Delahanty, PhD

Pavithra Andrea Thomas, M.A.
"Cognition, Pain, and Physical Functioning in Adults with Knee Osteoarthritis: Roles of Age and Neighborhood Deprivation"
University of Alabama at Birmingham
Dissertation advisor: Dr. Robert E. Sorge

FRP Nancy Crewe Award

Heerak Choi
"Unveiling Self-Stigma in Transition-Age Youth with Disabilities: Profiles and Key Implications"
Northwestern University

Leonard Diller Dissertation Award in Neurorehabilitation

Megan Bradson, M.S.
Baseline Predictors of Response to and Secondary Effects of Internet-Delivered Cognitive Behavioral Therapy for Depression in Multiple Sclerosis
Penn State University
Dissertation Adviser: Peter Arnett, PhD

Amber M. Fox, M.S.
Telehealth Group Cognitive Behavioral Therapy for Insomnia in Primary Brain Tumor: Secondary Cognitive Outcomes of a Phase IIc Pilot Randomized Controlled Trial
Virginia Commonwealth University
Dissertation Advisor: Bruce Rybarczyk, PhD, ABPP-RP

FRP Poster Awards

Clara O'Brien
"Body Compassion in Adults with Multiple Sclerosis: Disability Identity, Illness Stigma, and Everyday Discrimination"
University of Washington

Timea Tozser
"Use of Mobile Health Technology to Monitor Lifestyle Fitness in Individuals with Traumatic Brain Injury and Co-Morbid Hypertension and/or Diabetes"
Wright State University School of Professional Psychology/ Baylor College of Medicine

Heerak Choi
"Quality of Family Life Among Women Caregivers of Individuals with Parkinson's Disease"
Northwestern University

PLANNED GIVING

The long-term goal of FRP is to build an endowment of \$1 million to support the field of Rehabilitation Psychology. This endowment will provide investment earnings that substantially underwrite the annual conference and provide continuous support to graduate students and early career Rehabilitation Psychologists. To make that goal feasible, the Board realized that a consistent and concerted effort to procure substantial gifts was required. In addition to the annual request for donations, the Board has focused on legacy giving. Under the leadership of Dr. John Corrigan, the Board invested considerable time learning about bequeaths, planned giving and other methods of leaving a gift from one's estate.

Legacy giving is as simple as naming FRP in one's will or as a beneficiary on a life insurance policy. The Columbus Foundation, which manages the FRP investment account, provides free consultation to potential donors about more complex giving mechanisms. Early success of the Legacy Giving campaign is evident in the many Legacy commitments listed below. If you are interested in exploring a Legacy gift, please contact either Drs. Stephen Wegener (swegener@jhmi.edu) or John Corrigan (johncorrigan1@me.com).

FUNDS

In addition to a General Fund named for Mitch Rosenthal, the Foundation for Rehabilitation Psychology has established several funds that honor individuals with notable contributions to Rehabilitation Psychology.

The **Mitchell Rosenthal General Fund** provides funds to support the general operation of the Foundation, including support of graduate students, early career psychologists and other activities that advance the future of Rehabilitation Psychology. Dr. Rosenthal was a President of Division 22 and a founding member and President of FRP. He was also a founding member and President of the American Board of Rehabilitation Psychology. He was a world-renowned leader in the field of brain injury rehabilitation as a researcher, writer, and mentor to hundreds of students and colleagues.

The **Bernard Brucker Continuing Professional Educational Fund** supports the Rehabilitation Psychology annual meeting. Dr. Brucker was a President of Division 22, a founding member of FRP, and a founding member and President of the American Board of Rehabilitation Psychology. He was also an innovative researcher and internationally renowned speaker. Donations to this fund are dedicated in their entirety to support the midwinter meeting.

The **Leonard Diller Fund** was created in 2019. The fund supports recognition of dissertations that reflect the principles of neurorehabilitation as advanced by Dr. Diller. Leonard Diller is widely credited with being a founder of American neurorehabilitation and was a leader among clinicians who did not accept the belief that impairments following acquired brain injuries were permanent and irremediable. Donations to this fund are dedicated in their entirety to support the Diller Neurorehabilitation Dissertation Award.

The **Nancy Crewe Fund** supports the Nancy M. Crewe, Ph.D., Student Research Award, which is presented each year for the best student oral presentation at the annual conference. This award is made possible by the generosity of Bob Fabiano Ph.D.

The **Dr. Ed Taub Fund** honoring Dr. Bernie Brucker was established by a gift from Dr. Taub. The interest from this fund supports the annual conference, which is a major legacy of Dr. Brucker's contributions to Rehabilitation Psychology.

ENDOWMENT FUND MANAGEMENT

The Foundation for Rehabilitation Psychology works with the Columbus Foundation, one of the largest community foundations in the U.S., to manage the FRP endowment. Their low fees minimize expenses. The Columbus Foundation has over 80 years of experience and manages over \$3 billion in assets. They provide expertise in planned giving and can consult with donors for gifting via their wills, life insurance policies, retirement funds and other estate planning vehicles.

FRP FINANCES

FRP closed the year with \$279,746 in total assets, including \$14,785 in our U.S. Bank checking account, \$9,000 in our PayPal account, and \$255,960 in investments at the Columbus Foundation.

	Actual 2024	Budgeted 2024
Revenue		
Donations	\$ 25,199	\$ 25,100
Other Income	\$ 0	\$ 40
Reinvestment	\$ 2,646	\$ 4,000
TOTAL	\$ 27,845	\$ 29,140
Expenditures		
Dissertation Awards	\$ 7,282	\$ 9,000
Grad Student Activities	\$ 1,500	\$ 1,500
Rehab Psych Conference	\$ 20,599	\$ 19,880
Division 22	\$ 850	\$ 850
Operations	\$ 4,066	\$ 3,500
Reinvestment	\$ 2,646	\$ 4,000
TOTAL	\$ 36,943	\$ 38,730

Legacy Commitments

A growing number of psychologists are designating FRP as beneficiaries of life insurance, trust funds or wills. Seventeen Division members have made legacy commitments to FRP. The process can be as simple as adding FRP as a beneficiary of a life insurance policy or adding a gift the next time you review your will.

If you have questions please direct them to Steve Wegener (swegener@jhmi.edu) or John Corrigan (johncorrigan1@me.com).

Legacy Commitments:

Baker, Laurie
Brownsberger, Mary
Bruyere, Susanne
Corrigan, John
Farmer, Janet
Fraser, Bob

Goldberg, Alan
Hanson, Stephanie A
Heinemann, Allen
Kewman, Don
Leung, Paul
Nierenberg, Barry

Pawlowski, Carey
Richards, J Scott
Rohe, Dan
Snoxell, Ellen
Wegener, Stephen

Contributors to FRP

FRP's annual activities are made possible by donations from Division members and their family and friends. We have over 200 donors to FRP to date, including 11 Visionary donors and 15 Leadership donors.

Gifts can be made anytime by going to www.rehabpsych.org and choosing "Donate".

Visionary: \$10,000+

Bruyere, Susanne
